THE TENANT VOICE GROUP

The Tenant Voice Group is a cornerstone of our community, giving tenants a direct say in key initiatives and services. Over the past year, their 13 dedicated members met three times, providing invaluable input. Their direct involvement has helped us plan and deliver successful community events, proving that their contributions are a vital asset in building a stronger, more connected community.

OUR MISSION

“To provide quality homes and services for our tenants and wider community”

Grove Community
HOUSING ASSOCIATION

**A Joint Welcome
Forward Statement
on our Year 2024/25
by our Chair and
Chief Executive**

HELLO,

Welcome to our Annual Report which covers the period from April 2024 to March 2025. On reflecting on the Association's excellent performance it has been a testament to our collective sheer hard work and resilience and highlights the importance of a fully dedicated Board and team committed to our values of delivering great services and homes for our tenants.

It has been a challenging period for not only for our Association but the wider social housing and construction sector. However, we are incredibly proud of what we have achieved together with the resources available to us. We hope you too, in reading more about work recognise that we remain determined to not just strive to do all that we can but also to simply do it better through close engagement. We personally, have enjoyed listening to our tenants and stakeholders needs and shaping our services to be as responsive as possible and also participating in the many community events, ably led by Paul Stuart and the team.

Despite the busy year we ensured we committed significant time and resources into reviewing our future strategy. We consulted with our tenants, staff and our Board to shape and develop our new Strategic Plan for 2025-2030. We will continue through the remainder of 2025 to communicate our goals to all and spearhead its implementation as we work look towards our 50th year of providing for the Grove community.

Our sector has faced unprecedented challenges, primarily driven by a drastic reduction in capital development funding for new homes. This has made it incredibly difficult to deliver on our promise of providing quality, new homes. The initial projection of just 400 new social home starts for the entire year across Northern Ireland was a stark reminder of the budget crisis, and while there was some late subsequent funding, the lack of a long-term, multi-year budget creates immense uncertainty and is not an efficient way to do business and build confidence with our construction sector partners. This has only compounded the existing housing crisis.

Through the lens of over 8,000* people in North Belfast we join in highlighting the critical funding required to underpin the Governments new Housing Supply Strategy. (*housing need is driven by an ageing population and increasing disability within households. Rising relationship breakdowns remain the still largest single cause of homelessness. Need is exacerbated by a shortage of homes with the lowest number of homes being built across NI since 1954). Beyond inadequate funding for new homes, our sector is also grappling with significant barriers to delivery which you can read more about on Page 13. Despite these external pressures, we have met these challenges head-on, guided by our core values, highlighting the diversity of housing need with policy and decision makers and across media channels.

Halfway through the reporting year, after significant staff shortages, we greatly welcomed further investment in our staff team to help deliver our operational services with the appointment of two key team members, our new Director of Operations, Keelan McGaghran and Pat Magorrian, our new Compliance and Maintenance Officer. Their expertise and efforts have been invaluable, and we look forward to their continued input to the varied work of an agile and responsive community-based Housing Association.

A standout success has been the launch of our new "Helping Hand" service, co-designed with our tenants. Few housing providers are in the proud position to witness their tenants give their repairs and housing services staff a round of applause in a recent tenant meeting. We are delighted to be receiving many more compliments than complaints. Happy tenants, happy staff! We also made significant investment in our existing homes which was overseen by Paul Pollock, investing significantly mid-year to cleaning roofs and gutters, and providing a new door scheme improving security and home comfort. We also were very happy for Terry Boyd to return to our team and support the delivery of the carpark lighting upgrade at Loughview Terrace which improves safety and security for our residents. We were delighted to receive great feedback on our new external office signage overseen by Steven Law along with EV charging upgrades adding very welcome light and energy to our York Road location. It ensures our offices are easily located for the many visitors receiving valuable free benefits advice. This has adding over £1 million of essential income to households in North Belfast and beyond. So don't be a stranger, do call in and engage with our work, Shariq ensures everyone receives a warm welcome a great coffee!.

Warm Regards

B. Dunn *A. Crawford*

PERFORMANCE REVIEW

PERFORMANCE REVIEW					
	2024/25		2023/24		
Type of Repair	No. of Jobs Completed	% Rate Achieved	No. of Jobs Completed	% Rate Achieved	DfC Target
Emergency (24 hours to complete)	174 out of 190 on time	91.58%	170 out 178 on time	95.51%	85%
Urgent (4 working day response time)	331 out of 414 on time	79.95%	218 out 270 on time	80.74%	80%
Routine (4 week response time)	125 out of 149 on time	83.89%	178 out of 233 on time	76.39%	80%

Over the past year, we have continued our significant investment in our housing stock to ensure our tenants’ comfort and safety. As part of our cyclical maintenance, we undertook a major roof and gutter cleaning program. We also completed a comprehensive door replacement scheme for 24 units at York Road and upgraded the street lighting at Loughview. Furthermore, we invested in crucial fire safety works for several properties and allocated over £6,000 to improve the thermal comfort of some of our homes. These projects reflect our ongoing commitment to providing quality homes for our tenants and the wider community.

COMMUNITY CONNECTIONS & EVENTS

Over the past 12 months, we successfully delivered a total of ten tenant engagement events, which collectively attracted hundreds of tenants, community members, and stakeholders. These events, which included three tenant voice group meetings, a joint health and well-being event, our popular Christmas event, and seasonal gatherings like Halloween and Christmas wreath-making, demonstrate our strong commitment to the community.

Pensioners Christmas Lunch - Dec 24

Halloween Event - Oct 24

Santa Sleigh - Dec 24

Christmas Wreath Making with Alternatives - Dec 24

Health & Wellbeing Event - August 24

Translink Tour - Mar 25

"Greenings Social Housing" Conference - Mar 25

OUR TENANTS

TENANT VOICE GROUP

We believe that a strong community is built on a strong voice, and our Tenant Voice Group is at the heart of this principle. Comprising over 13 active and dedicated members, the group met three times over the past year to collaborate with staff on key initiatives.

Their invaluable partnership was instrumental in the co-design and successful launch of our new Helping Hand Service in November 2024. The group's input was vital in approving the design of the new van graphics and the associated informational leaflet, ensuring the service was presented clearly and effectively to all tenants.

Beyond this, their excellent input and scrutiny have been crucial in shaping other new initiatives, including our updated Lettable Standard and our new SMS Service. The group's direct involvement has also been key in helping us plan and deliver successful community events. Their contributions continue to be a vital asset, helping us to better serve our tenants and build a stronger community together.

“The Helping Hand service has been invaluable, and Pat’s respectful support has made everyday tasks much more manageable.”

Esther (GCHA Tenant)

HELPING HAND SERVICE

In response to challenges faced by our residents, including the rising cost of living, we co-produced with our Tenant Voice Group the new “Helping Hand” service. This initiative was a direct result of listening to our tenants need for a more responsive, caring repairs service and added need for assistance with minor home repairs.

The Tenant Voice Group was integral to the entire process, helping us shape the service eligibility; which is older persons, those with a disability, or a new family moving in.

This influenced the recruitment of a new Compliance and Maintenance Officer with a skilled trade background. We all enjoyed working creatively to shape the services image and promotion.

Since its launch in November 2024, the “Helping Hand” service has made a significant impact this collaborative model has not only delivered a vital service but has also led to much happier tenants with our repair services and strengthened our community purpose.

WORKING IN PARTNERSHIP

Continued Partnership with North Belfast Advice Partnership (NBAP)

We have continued our vital partnership with the North Belfast Advice Partnership (NBAP), providing a dedicated advice service at our offices three days a week. This service, run by The Vine Centre, offers essential face-to-face and telephone support on a range of issues, including benefits, housing, and employment.

Key Outcomes for 2024/25

The service has delivered significant financial and social benefits to our tenants and the wider community. Our on-site advisor handled 1,421 enquiries for 432 clients, with 95% of these inquiries related to benefits. This focus reflects the increased complexity of the welfare system and the critical need for support among those on low or fixed incomes.

Most importantly, the partnership has had a tangible financial impact, helping clients secure £1,083,269 in additional benefit entitlement. This additional income directly benefited an estimated 723 local people, helping them cope with rising costs, improve their well-being, and reduce financial stress. This collaborative model demonstrates our commitment to providing comprehensive support beyond just housing.

Over 1 MILLION

Additional Benefits

OUR COMMUNITY PARTNERSHIPS

We are delighted to report on the success of our community events this year, which were made possible through valuable partnerships with a wide range of statutory and voluntary organisations, as well as local businesses. These collaborations are fundamental to our mission of building strong, thriving communities.

By working hand-in-hand with our partners, we were able to deliver events that not only brought residents together but also provided essential services and resources. Our key partners for these events included:

- **Statutory and Public Bodies:** The PSNI (Police Service of Northern Ireland) and Translink
- **Voluntary and Community Groups:** Supporting Communities, which delivered valuable training and resources to our tenants at our events, and North Belfast Alternatives, which hosted an excellent wreath-making workshop.

- **Corporate and Local Businesses:** Our valued corporate partners, including Dulux, Lidl, and Asda, provided generous support, helping us to enhance the quality and reach of our events. We also extend our special thanks to our main contractors, PK Murphy and CTS, for their ongoing collaboration and commitment to our shared community goals.

These partnerships underscore our belief that community development is a collaborative effort. We look forward to strengthening these relationships and forging new ones to continue delivering positive outcomes for our tenants and the wider community in the coming year.

STRATEGIC COLLABORATION AND TENANT ADVOCACY

In collaboration with the Northern Ireland Federation for Housing Associations (NIFHA) and other housing associations, we worked to ensure that tenants' voices were heard at a strategic level. Our contributions to key consultations and discussions led to several positive outcomes. Following a brutal cut of 80% of the social housing development programme funding we highlighted the vital need for additional funding but it still fell significantly short of what is needed.

Through representation on NI Housing Association Charitable Trust (NIHACT) they funded an important academic research paper by Queen's University Belfast which was presented to the Minister of Housing. This resulted in the successful removal of intimidation points from housing allocation rules and policy and makes rehousing fairer for all.

We also continue with others to appeal for ring-fenced retrofit funding for Northern Ireland to bring it into a fair playing field with the other citizens in regions across the UK who receive this. This critical funding would enable us to commence works to improve the thermal comfort and insulation levels of aging homes.

Additionally, we jointly contribute to raising the issues and solutions to Northern Ireland Water infrastructure and the need for increased investment to allow new social housing developments to go ahead. In this year alone we had to invest £130,000 of our funds to NI Water for solutions and connections for our site to enable the plans to go ahead. These were completed at the end of August 2025 following major delays slowing up our new homes plans.

Through working with others we will continue to represent our tenant and community needs at Stormont and through local media channels and work closely with PSNI to ensure more homes and safer communities for all.

OUR PEOPLE

Our people remain a top priority, and we're committed to building a team that shares our values and provides the best possible service for our tenants. We were delighted to welcome two key additions to our team this year. In August, Keelan McGaghran joined as our new Director of Operations, and in November, we welcomed Pat Magorrian as our new Compliance and Maintenance Officer. Both have already made a significant impact on our performance.

We believe that employee voice is crucial. We held a successful staff away day in February, where we took the opportunity to realign with our core values and incorporate staff feedback into the development of our new strategic plan. We continue to invest in our team's professional growth and ensure they have the resources they need to succeed. This past year, we upgraded our IT software and infrastructure introducing new softphone system, and our staff attended over 60 continuing professional development (CPD) events.

Pat Magorrian
Compliance & Maintenance Officer

ENVIRONMENTAL

Our Commitment to Environmental Responsibility

We remain dedicated to our environmental responsibilities and are actively working to reduce our ecological impact. Over the past year, we have taken significant steps to improve sustainability across our operations.

Key initiatives include:

- **Lighting Upgrade:** We have recently upgraded the lighting in our office car park and the car park within our scheme at Loughview Terrace, with more energy-efficient, low-energy fittings. These improvements not only enhance safety but also reflect our ongoing commitment to sustainability and reducing our environmental impact.
- **EV Infrastructure:** We successfully secured funding to assist with the installation of electric vehicle (EV) charging points at our office.
- **Zero-Emissions Fleet:** Our Helping Hand service now operates a new zero-emissions electric van, reducing our carbon footprint.
- **Office Hygiene:** We installed UV lighting in our office toilets to create an aerosol-free environment, promoting better air quality.
- **Enhanced Recycling:** We conducted a thorough review of our office recycling practices to ensure we are operating as efficiently as possible.
- **Knowledge Sharing:** Both staff and tenants attended the "Greening Social Housing" conference hosted by Alpha, fostering greater awareness and a shared commitment to environmental goals.

The over £6k worth of damage caused by Storm Ewoyn in January, which impacted several of our properties with damage to roofs, fences, and trees, served as a powerful reminder of nature's force and the urgent need to continue our efforts to mitigate environmental impact and build a more resilient future.

GREAT HOMES

We are committed to providing high-quality homes for our tenants and continue to invest in improving our properties. This year, we completed a number of significant projects to enhance both the quality and safety of our homes.

Key initiatives include:

- **Roof and Gutter Maintenance:** We completed an extensive cyclical maintenance program for roofs and gutters across our entire stock, ensuring our homes are protected and well-maintained.
- **Enhanced Safety and Efficiency:** We invested over £3,000 to upgrade the street lighting at Loughview Terrace, replacing old fittings with more efficient alternatives to improve overall safety for residents.

- **Door Replacement Program:** We began a door replacement scheme for 24 units at York Road, part of our ongoing effort to modernize and improve our properties.
- **Improving Thermal Comfort:** We invested more than £6,000 in upgrades aimed at improving the thermal comfort for our tenants, helping them stay warm and reduce energy costs.
- **Fire Safety Works:** In our commitment to tenant safety, we invested over £3,000 in essential fire safety works across our properties.

Grove Community

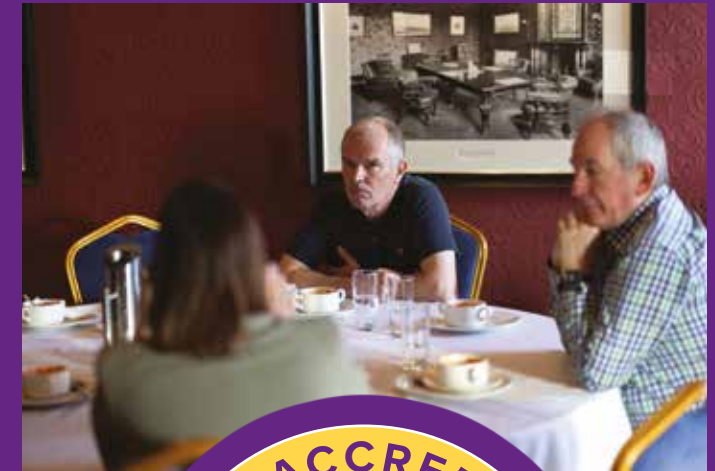

GOVERNANCE

Effective governance is a cornerstone of our organisation. We are incredibly grateful for the expert guidance and unwavering support of our dedicated Board of Management throughout the year. Their commitment to continuous improvement is clear, with Board members collectively attending over 35 different Continuing Professional Development (CPD) events. Additionally, in February, the Board participated in a strategic planning day facilitated by Distinctive People, which was instrumental in shaping our future direction. Each Board member was also provided with a Chartered Institute of Housing (CIH) “Building Better Boards” membership, ensuring they have the latest insights and best practices.

Our commitment to strong governance was further validated through a series of rigorous internal audits this year. We underwent a total of five audits covering critical areas, including:

- Damp & Mould
- Financial Planning and Forecasting
- Fixed Asset Management
- Governance Strategic Controls
- Risk Management Framework and Financial Transactional Control

We are pleased to report that we received a “reasonable assurance overall” rating on these audits, confirming the effectiveness of our systems and controls. Furthermore, we were delighted to retain our Grade 1 accreditation from the Department for Communities, a testament to our high standards of governance and operational excellence.

35 CPD Events

VALUE FOR MONEY STATEMENT

At Grove Community Housing Association (GCHA), we are dedicated to providing high-quality homes and services that deliver exceptional value for money to our tenants and the wider community.

Key Performance Indicators and Continuous Improvement

- Benchmarking our performance against the NIFHA sector global accounts and internally to identify areas for improvement (see figure 1)
- Continuously reviewing our services and suppliers to ensure efficiency and cost-effectiveness.
- Investing in technology to streamline processes and enhance service delivery.
- Working efficiently to maximise resources and minimise costs.

Figure 1. Benchmarking Against NIFHA’s Global Sector Accounts

		OPERATING MARGIN (Operating Surplus / Turnover)	GEARING (Borrowing/total assetless current liabilities)	AVERAGE BORROWING PER UNIT	AVERAGE RENT PER WEEK (£)
2025	Grove	11.85%	6.30%	£3,726	96.00
	Sector	PENDING	PENDING	PENDING	PENDING
2024	Grove	20.88%	7.08%	£4,266	88.24
	Sector	21.94%	31.31%	£25,863	99.09
2023	Grove	21.65%	7.70%	£4,785	82.65
	Sector	19.55%	30.45%	£25,200	91.66
2022	Grove	25.08%	10.77%	£6,737	79.44
	Sector	20.80%	32.55%	£25,858	88.63
2021	Grove	41.71%	13.66%	£8,523	77.39
	Sector	23.01%	32.51%	£25,199	87.26

* Figures taken from NIFHA 2024 Sector Global Accounts

- The Operating Margin % of 11.85% in 2025 has fallen compared to the previous year of 20.88% reflecting the additional roof maintenance costs and stock condition surveys costs. It is also less than the Operating Margin % of NIFHA Global Accounts of 21.94% in 2024, reflecting the intermittent operational costs in year (2025 results still to be published).
- Gearing % of 6.30% in 2025 remains low and continues to fall due to loans being repaid. It is also significantly less than the Gearing % of NIFHA Global Accounts of 31.31% in 2024 (2025 results still to be published) indicating less financial risk and capacity to take on debt in the future.

Figure 2. Internal Benchmarking Performance - Operational Performance

	2025	2024	2023	2022	GROVE 23/24 KPI'S	DFC TARGET
Voids Loss (£)	5,342	11,786	15,817	30,441	-	-
Void Loss %	0.41%	0.96%	1.38%	2.71%	<1%	<4%
% of rent collection due	99.54%	99.36%	98.25%	97.37%	-	98%
Current Arrears (£)	53,937.23	55,744.29	33,954.60	45,036.00	-	-
Current Arrears as a % of rent due	4.12%	4.56%	2.98%	4.01%	<5%	5%

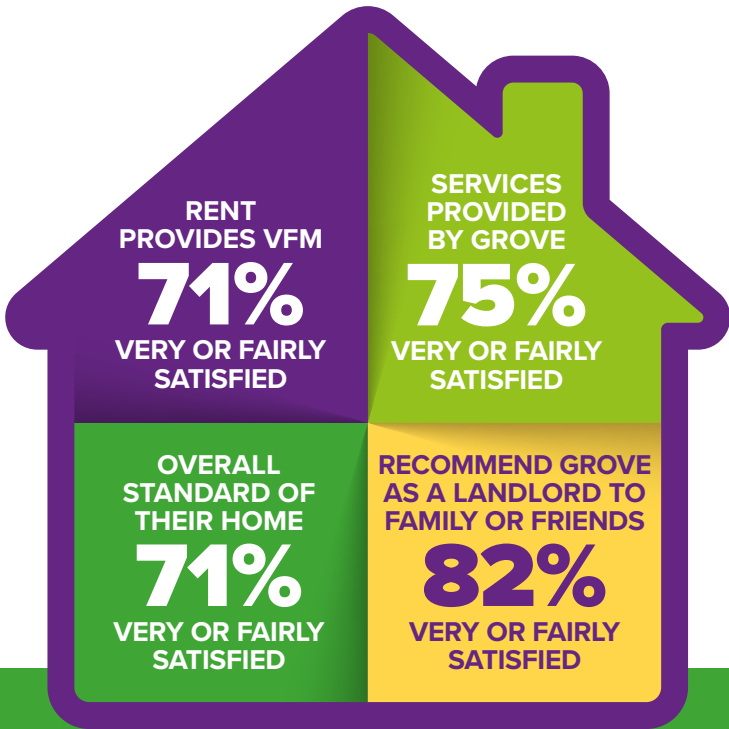

The 2024-25 financial year seen a reduction in housing allocations from 12 to five, we are proud to report a void loss reduction of over £6,000. This saving is a direct result of our enhanced communication with contractors, which has significantly improved the efficiency of our void works process. We are committed to an ongoing review of this approach to secure further reductions.

Furthermore, in a period of continued cost of living challenges for our tenants, we have achieved a 0.44% reduction in overall arrears. This success is due to our diligent weekly review of arrears cases, in strict adherence to our rent collection policies, and our vital partnership with North Belfast Advice Partnership (NBAP). Over the last financial year, NBAP dealt with 1,421 queries from 432 individuals, with 95% of these being benefit-related. This crucial collaboration helped secure £1,083,269 for individuals in our community, providing essential support and reinforcing our proactive approach to tenant welfare.

Effective Procurement and Tenant Engagement

- Leveraging the HA5 procurement group to achieve effective procurement and secure favourable terms for our maintenance contracts.
- Actively seeking tenant feedback through our tenant satisfaction surveys and tenants voice group and scrutiny panels to ensure our services meet their needs and expectations. (See Figure 3)
- Investing in our stock through maintenance and upgrades to improve energy efficiency and reduce operating costs. In the last financial we saved more than £6,000 just by switching to a more efficient cost-effective energy supplier.
- Offering affordable rent to support our tenants’ financial well-being.

Figure 3. Current tenant satisfaction Levels

In partnership with tenants, we launched the Helping Hand service in November 2024 to support minor home repairs. By year-end, it had completed 81 jobs for 51 households, saving an estimated £2,430 and reducing injury risks. This initiative delivers strong value by offering practical support, financial savings, and improved satisfaction.

We secured 75% grant funding (£3,550) for office EV charger installation and generated £7,200 by leasing our new build site to Morrow Construction. These funds were added to our Tenant Engagement Fund to support projects in 2025–26.

£7,200 earned from site while awaiting project approval

Regulatory Compliance and Social Value

We retained a Grade 1 rating from the Department for Communities, with regulators noting our strategic approach to value for money, financial viability, and governance. Our values—approachability, service-focus, honesty, integrity, accountability, and compassion—guide all interactions and underpin our delivery of social value.

Through our community engagement fund, we support local projects such as the Rooftop football club and deliver a wide range of tenant participation events. From seasonal gatherings to professional development for tenant voice group members at the Supporting Communities conference, we create opportunities for inclusion and connection. Partnerships with organisations such as Translink, East Belfast Alternatives, PSNI, Dulux, ASDA, Lidl, PK Murphy, and CTS have enabled successful events, including a Grand Central Station trip and a Christmas wreath-making workshop.

Future Goals

We will continue to focus on value for money by setting clear targets, achieving operational efficiencies, and seeking external funding to enhance property value and tenant wellbeing. GCHA remains committed to delivering exceptional value and making a positive impact within our communities.

Our Sincere Thanks

Our deepest gratitude goes to our tenants for your active engagement, valuable feedback, and patience as we work to continuously improve our services and the homes we provide. We are committed to a collaborative partnership with you to shape our future. We also extend our heartfelt appreciation to our dedicated staff, our selfless voluntary Board members, and all our committed partners, including maintenance contractors, expert service providers, and knowledgeable colleagues. Your unwavering resilience and commitment, particularly during these challenging times, are truly commendable and essential to our core mission of delivering great homes and services. As we look ahead to the remainder of 2025-26 we are excited about a range of new initiatives while also continuing to advocate with government bodies and elected representatives for the necessary funding to deliver new homes and the infrastructure they require.
